I'm living yet I am Dead.  
I am fucked in the head.  
My life is a joke.  
I'm living alone.  
I wander alone.  
I cry alone.  
I die alone.  
Is this me?  
This brutal force in this reality.  
Pushing me.  
Killing freely.  
When shall I rise?  
I wish for a rest.  
Fuck this game!  
Fuck your test!  
I did not do anything yet I am punished.  
I am heartbroken.  
I am beaten, abused tattered and torn.  
My emotions will kill me.  
You are a thorn.  
I hate my maker.  
Who is my taker?
