Come darkness, come darkness  
Let's go it again  
Let's show them our demons  
Desire and Pain

Once upon a time  
I thought good of mankind  
But I'm not a fool anymore

As Lucifer awaits us  
Beware of the upside down cross

Disease spreading egos  
Of people insane  
Let's show what you're made of  
Desire and Pain  
You're Satan's whores

It seems so long ago  
I was caught by the flow  
But now that fool is dead

As Lucifer awaits us  
Beware of the upside down cross

Sometimes I wish I was blind  
Or could wake up from a dream  
Cause as the world kept on spinning  
Around and around and around  
It all fell apart before my eyes

I'm hypnotized  
I'm paralyzed  
I'm far from home  
It's crowded here  
They are all too near  
But still I'm alone

Now Lucifer awaits us  
Beware of the upside down cross

Come Lucifer
