step right up and follow me something wicked this way
please join our
caravan of sores pimps prostitutes thieves and whores
to a carnival of
sleaze sickness suffering and disease have no fear
this ain't a dream
nothing starts until you scream. come for the scare
come for the dare come
without fear your safe in here come for the scare come
if you dare you can
trust me something wicked this way please. floating in
the foul air breeze
something wicked this way please to complete your
conversion a baptism of
perversion eat the bread of wickedness drink the wine
of violence a

communion for the gross father son and holy ghost.
from dark sleep you will
awaken whey your ticket has been taken this train
screams an evil song worry
not it won't be long hands will fly from empty space you
will never leave
this place, hello! you run - bang! you fall but
wait...that's not all!
welcome to the other side our midnite train terror ride
there's no need to
be afraid it was meant to be this way the melting walls
will come undone now
we're going to have some funeat the worm that makes
you turn ladies and
gentlemen this place must burn!
