In my cold cell I'm
Waiting for your blood
Dead man don't tell you tales

Murders up for sale
Children of the damned
They're coming to kill

Ain't gonna fight for yesterday
Ain't gonna fight for you today
It's just another fucking death
Ain't gonna fight for evermore
Ain't gonna fight for you no more
No more...

Got a new damned war

Too much blood on earth
Soldiers coming to kill

Soldiers up for sale
Making all their best
To destroy all the tales

Ain't gonna fight for yesterday
Ain't gonna fight for you today
It's just another fucking death
Ain't gonna fight for evermore
Ain't gonna fight for you no more
No more...
