Talkin' bout the future planes  
We're arranging for new days  
Not Knowing what songs we'll play  
'n what singer'll have the place

All our friends are gone away  
They'll return when we play again  
The only things that we know well  
Is the name of Evil Ways

Rockin', rhitmin', heavy metal, playing, swithching,  
steppin', singin', high volume and fast beat all around

Evil Ways! Evil Ways!

Talkin' bout the future planes  
We're arranging for new days  
Not Knowing what songs we'll play  
'n what singer'll have the place

Rockin', rhitmin', heavy metal, playing, swithching,  
steppin', singin', high volume and fast beat all around

Evil Ways! Evil Ways!
