Ain't no hipop shit
Ain't no soul salvation
Ain't no rock 'n roll hit
But a new sensation

I'm just full of power
I'm just full of evil
I'm your destiny child
You're so cool and heavy

That's heavy metal
That's heavy metal year
That's heavy metal year

That's heavy metal
That's heavy metal year

That's heavy metal year

Like Motley Crue
Or Maiden's overture
As the Zeppelin's Chaos
Our fans are all around

That's heavy metal
That's heavy metal year
That's heavy metal year

That's heavy metal
That's heavy metal year
That's heavy metal year
