Hey yeah  
Hey

Sitting here alone in this empty room  
With memories of us still on the wall  
They all tell a story of what we use to do  
Up until the day that you were gone

And there's something that I'm dying to Let you know, I  
regret the day I ever let you go

[Chorus:]

So if you're with somebody else  
While I'm here all by myself  
And he's not the one, you got it wrong  
Girl think of me...  
Oh think of me...

If you're lying in his bed  
But it's me that's in your head  
Then there's still a chance I can be your man  
Just think of me  
Baby just think of me...

Tell me what to do, to make it up to you  
Cause I don't know a way to turn back time  
I am just a man that's so in love with you  
But girl I'll get it right with one more try

Is there still a part of you that wants to know?  
I've been hurting since the day I let you go

[Chorus:]

So if you're with somebody else  
While I'm here all by myself  
And he's not the one, you got it wrong  
Girl think of me  
Oh think of me

If you're lying in his bed  
But it's me that's in your head

Then there's still a chance I can be your man  
Just think of me  
Whoa think of me

Do you think of me at night  
When I'm not by your side  
Am I stopping you from falling asleep, hey  
In the morning when you wake up  
Am I who you dream of  
Tell me are you thinking of me  
Hey

[Chorus:]  
So if you're with somebody else  
While I'm here all by myself  
And he's not the one, yeh you got it wrong  
Oh think of me  
Oh think of me

If you're lying yeah  
And you can't keep me out of your head oh  
Still a chance, I can be your man  
Just think of me  
All you gotta do is  
Baby just think of me
