[ Young Haskell ]  
Feels good to me  
The way that we get down

[ VERSE 1: Mac Mall ]  
I appreciate sacrifices you made  
And chances you took and all the love that you gave  
Mama made a Mac, laced me with boss game  
Birth father wasn't sh..., don't even remember his face  
But [Name] is a soldier, a African queen  
Taught me 'bout self-respect, self-reliance, self-  
esteem  
Told me to be a man, you stand on your own feet  
Only the strong survive, streets prey on the weak  
But I thought I could beat it, swore I had masterplan  
Had it all mapped out till the rollers cuffed my hand  
Damn, musta hurt you more than it hurt me  
And me bein a knucklehead didn't make it easy  
So mama, I'ma make you proud as possible  
I conquer this whole world to make your dreams come  
true  
And mother dearest, when you hear this I just want you  
to know  
That this mama boy love ya fa sho

[ CHORUS: Young Haskell ]  
I like  
How you come through down for whatever  
Stay clever  
I like  
Cause you know we gotta get this cheddar  
Together  
I like  
How you stay true no matter what the weather  
I like  
Cause if we gon' ball or fall we gon' do it all  
Together

[ VERSE 2: Mac Mall ]  
Since we speakin on bein true I can't forget my boo  
My right-hand lady, baby, thank you for bein you

Chassies came and went, lot of cats tried to holler  
With me you found the real, with you I found a show-  
stopper  
Superbad, can't even flash when the fools jock her  
They just wishin that they wifey's was this proper  
And you ain't trippin on the chickens that wanna peck  
my scratch  
So secure in your position, never worried of rats  
The way you do your thing just can't be matched  
Got me wide open, yeah baby, believe that  
Imagine one day me and you jumpin the broom  
I put a baby in your womb, a house in the boons  
Now I ain't proposin, just statin that you the kind  
I'm feelin bein next to your shine  
This thing that we got, some search they whole life to  
find  
And I'm sayin much love, you stood the test of time

[ CHORUS: Young Haskell ]

[ Young Haskell (& Mac Mall) ]  
No matter what it's gonna take  
(No matter, man)  
We gon' hang in there anyway  
(Anyway)  
We gon' do it real big for real  
(Real big for real!)  
So we gon' look back, laugh and chill  
(Chill, that's right)  
No matter what you're goin through  
(No matter what you're goin through)  
Always be here for you  
(I'ma be right here for you)  
I'ma be right by your side  
(By your side)  
Every day and every night  
We got to get it  
(You know we gotta get it)  
I know you're with it  
(That's right)  
I'm knowin you're with it  
I know you're with it  
We got to get it, get it, get it, get it, get it  
(That's right, that's right)  
Anytime

What about the cuddies?)

[ VERSE 3: Mac Mall ]

What they say is true, ain't no place like home  
And Crestside Valley-Jo is where I call my own

Stayin Sesed Out, one love for all my kinfolks  
From the top of G Block to King's liquor sto'  
Peace to the triple OG's and all the young guns  
Even the homegirls gettin gully where I'm from  
535 Crew Thang and Romper Room  
F... the small change, let's focus on this long loot

[ CHORUS: Young Haskell ]

[ Mac Mall (& Young Haskell) ]  
That's right  
Had to take some time out to say  
One love to all my peoples  
You feel?  
Like the saying goes: without you there is no me  
(I like the way we get down, down, down)  
That's right  
Mac Mall and Young Haskell  
Doin that damn thang  
Fa sho
