Lyrics: J. Garcia, K. Medina)
Living on borrowed time
Sanctions will never work
Defending the oil fields
In "Operation Desert Shield"
Life seems to reveal a story
Taken from the book of the old
Babylon reincarnates
A million souls praise the false one
The beast will rise from the east
Bringing forth the atrocity.

Lead: JG
From the Lord's creation
The abomination
Economic warfare
The revelation
Welcome to Kuwait
Welcome to Kuwait.
Strategic bombardment
Surgical assault
Strategic bombardment
"Operation Desert Storm".

Lead: DF
Life seems to reveal a story
Taken from the book of the old
Babylon reincarnates
A million souls praise the false one
The beast will rise from the east
Bringing forth the atrocity
No peaceful resolution sighted
More soldiers - Tour of Duty
A time to test our weapons
And strengthen our economy
From the Lord's creation
The abomination
Economic warfare
The revelation
Welcome to Kuwait
Welcome to Kuwait
