Far beyond our grasp  
Within eyes burn with hate  
Blinding appetite  
With a lust to separate  
Striking at the line  
Preaching from a hollow throne  
Scarring humankind upon poisoned words they've  
grown

Strength we need  
Seeking peace

Denied of the choice  
Of who they are to become  
Need to educate  
So all the wrongs can be undone  
Hiding underground  
Face deep in disguise  
Misguiding all the young  
Seems that elders aren't so wise

Strength we need  
Seeking peace

Strong will be our pride  
Pushing on without divide  
Look how far we've come  
Ever closer to one mind

Strong we'd be  
No divide  
Ever closer  
To one mind

Are we caught in madness?  
Still no complete union  
Some are walking madness  
Stood in the way of progress

Strong we'd be  
No divide  
Ever closer to one mind
