Na na na na...

I'm alive and I see things  
Mighty clear today, I'm alive

I'm a man, and I'm pretty  
Clear of fresh air today  
I'm alive

[CHORUS]

Hush, hush  
I thought I heard her  
Calling my name now  
Hush, hush  
She broke my heart but  
I love her just the same now  
Hush, hush  
I thought I heard her  
Calling my name now  
Hush, hush  
I need her loving  
And I'm not ashamed now

(Hush, hush)  
Early in the morning  
(Hush, hush)  
Late in the midnight

(Hush, hush)  
I want it so badly  
(Hush, hush)  
Got to, got to have it

Na na na na...

There's a certain little girl  
That's on my mind  
And great gosh almighty  
She looks so fine

She's the best girl  
That I've ever had

Sometimes she sure  
Makes me feel so bad  
I'm alive, I'm alive

[Repeat CHORUS]

I'm alive and I see things  
Mighty clear today, I'm alive

I'm a man, and I'm pretty  
Clear of fresh air today  
I'm alive

[Repeat CHORUS]

(Hush, hush)  
Early in the morning  
(Hush, hush)  
Late in the midnight

(Hush, hush)  
I want it so badly  
(Hush, hush)  
Got to, got to have it

(Hush, hush)  
Early in the morning  
(Hush, hush)  
Late in the midnight

(Hush, hush) I'm alive  
(Hush, hush) I'm alive  
(Hush, hush)  
Got to, got to have it

(Hush, hush)  
Early in the morning  
(Hush, hush)  
Late in the midnight  
(Hush, hush) I'm alive
