juan:

but on the other hand, she's all they have  
she's a diamond in their dulgry lives  
and that's the hardest kind of stone; it usually survives  
and when you think about it, can you recall  
the last time they loved anyone at all?  
she's not a bauble you can brush aside  
she's been out doing what we just talked about  
example: gave us back our businesses, got the english  
out  
and when you think about it, why not do one or two of  
the things we promised to?

but on the other hand she's...slowing down  
she's lost a little of that...magic drive  
but i would not advise those critics present to derive  
any satisfaction from her fading star  
she's the one who's kept us where we are

(she's the one who's kept YOU where YOU are
