"You must love me"

where do we go from here?
this isn't where we intended to be
we had it all, you beleived in me; i believed in you.
certainties disappear
what do we do for our dream to survive?
how do we keep all our passions alive as we used to
do?

deep in my heart, i'm concealing
things that i'm longing to say
scared to confess what i'm feeling...
frightened you'll slip away
you must love me
you must love me

why are you at my side?
how can i be any use to you now?
give me a chance, and i'll let you see how
nothing has changed!!

deep in my heart, i'm concealing
things that i'm longing to say
scared to confess what i'm feeling...
frightened you'll slip away
you must love me
you must love me

you must love...me
