My first shout
Terrible cry
Was tering the night
When I was born

What's this cry
This is the cry of child
What's this sign
This is the sign of Hell

My last words
And last breath
Froze in the wind
When I was dying

What's this echo
This is the arrival od death
What's this sign

This is the Hell's challange

Furious laugh
Of Devil power
Which is fan by the flame
Of eternal abyss

What's this echo
This is the echo of victory
What's this shout
This is the shout of Hell's Lord

Furious laugh
Of Devil power
Which is fan by the flame
Of eternal abyss
