The sun rises
Night becomes a day
I start to fight with pain again
And again I lose, alas
But it's never mind

But it's never mind...

But it's never mind
Today I cry
And fear dwells in my heart
Tomorrow death will come
And peace will fill my mind

The life is running on
I'm passing off like time
The scraps of memories
Hurt me like a broken glass

Tonight I've seen the strange place
Called heaven or maybe hell

I've heard your voice my darling
Seen many shadows and you between

But it's never mind
Today I cry
And fear dwells in my heart
Tomorrow death will come
And peace will fill my mind

The sun sets
Day becomes a night
Hearing your voice from afar
I die, I die
But it's never mind

Yesterday I cried
And fear dwelt in my heart
Today death comes
And peace dwells on my mind
The sun sets...
