The river of sorrow of passing  
Runs in a heart  
The time as an executioner  
Fixes the last day  
Death

Nobody sheds a tear  
On your grave dreams  
Dance in mournful pageant  
They are your eternity  
Time has stopped in dreams  
Only rain cries at your grave  
Wind sobs in words of blasphemous prayer  
The sun lost a shine  
Falls asleep like you

Before the chasm of stars imbibes you in  
Before the last ray of golden dawn goes out  
Hurry up

You have to find the scaeps of memories

And hide deep in your heart  
The fog is coming

Death is eternal in eternal dream  
You sail away in silence thick like blood  
Here isn't day or night  
Rays of the sun nor stars  
Only fear cause you are alone

But if a spark of life glows in you  
If you have enough power  
To call again scarps of this day  
Which you've hide in depths of mind  
Then you shall build your own world  
Drifting in fog  
In endless abyss  
Your own dream  
Shall rock you to sleep  
Sleep on

Sleep on...
