In the year 2012 everything you know and love
Will come to an end, is it fact or is it fiction?
Government and politicians are acting quite suspicious
Is there maybe something to this?
Is there something they're concealing?

We're filling the silence and feeding the void
It's too close for comfort, the world is destroyed
Is there a solution?
Our hands are in the air
Its a countdown to the end

Till the year 2012
Do we sit and count the hours?
Do we all just live in fear
If in fact there is no future?
Some say the poles are turning
Some say its Armageddon

Some say a world war's waging, social chaos, mass
hysteria!

We're filling the silence and feeding the void
It's too close for comfort, the world is destroyed
Is there a solution?
Our hands are in the air
Its a countdown to the end
2012

I see the writing on the wall
Together we fight or united we fall

We're filling the silence and feeding the void
It's too close for comfort, the world is destroyed
Is there a solution?
Our hands are in the air
Its a countdown to the end
2012
