1. Welcome to the 21st century  
Welcome, welcome  
21st century  
2. 6 years - 6 nights  
I wait six years - I wait six nights  
Wind this rope - a second chance  
I call your name like in a trance  
I'll run to you - I would die for you  
Divided hearts - divided soul  
I'm burning in a flame of hope  
I'll run to yo - I would die for you  
You can run - you can hide  
Love is like a lie  
Can't you see ?  
I wait six years - six nights for you  
I give my heart, my pride - that's true  
I'll wait - I'll wait till I need you  
I'll wait - I'll wait my dreams come true  
I wait six years -six nights for sure  
I give my heart - no fight before  
I'll wait - I'll wait down in the flame  
I'll wait - I'll wait see you again  
I wait six years - I wait six nights  
A missing heart - a lonely sky  
Above the clouds - I hear the cry  
I'll run to you - I would die for you  
A friend you win - a friend you lose  
But baby take a broken fool  
I'll run to you - I would die for you  
You can run - you can hide  
Love is like a lie  
Can't you see ?  
Please forgive my heart  
Please forgive my heart  
3. Venice in the rain  
Bittersweet  
My heart feels so weak  
Sailing home to a place I never know  
Some hearts will never change  
Some hearts will never change  
A broken dream  
I'm losing now it seems

Oh, I can't explain why I lose again  
Some hearts will never change  
Some hearts will never change  
Leaving Venice in the rain  
On the night I heard Caruso sing  
Leaving Venice in the rain  
Why you left me, my everything ?  
Leaving Venice in the rain  
Easter fall - the sun was ..... moon  
Leaving Venice in the rain  
Baby, oh you left me much too soon  
Leaving Venice in the rain  
Breaking up and feeling so alone  
Leaving Venice in the rain  
Got nobody - is at home  
Rescue me  
I feel your destiny  
I .....

I never get enough  
Some hearts will never change  
Some hearts will never change  
Behind my smile  
Oh baby see me cry  
No tears of joy  
Oh, I'm a lonely boy  
Some hearts will never change  
Some hearts will never change

4. If I will rule the world  
Baby I swear you  
Baby I would die  
I would run to you  
We're leaving New York to the rain  
East of the summer, see you again  
I love you baby, where's deep emotion  
Oh, where the mountain meet the sky  
West of the moon, I could not hide  
Love you lady, where's deep devotion  
I love you every night, I love you every day  
This is a deep love odyssee  
If I will rule the world, I promise you the best of me  
If I will rule the world, you ever get the best for free  
For every heart, every soul  
Pray in my bed, I'm losing control  
I'm leaving you in S.O.S.  
Turn of your dream, and confess  
Love me baby, see my emotion  
Or is it something that I should know  
Closer to heaven, we will go  
Be my lady, wear sweet devotion

5. Sacrifice  
..... was a rolling stone

The lonely highway was his home  
Father told him what he used to be  
"Don't bring scandal on my family." (he said)  
Friends were always right on time  
Oh no, there's o darkness - there's no crime  
Things aren't anymore they used to be  
"Don't bring scandal on my family." (he said)  
"Don't bring scandal on my family."  
Oh no, why is love such a sacrifice for you ?  
On my wings of destiny  
Leaving live and in harmony  
Oh no, why is love such a sacrifice for you ?  
On the road of mystery  
You lose your heart and eternity  
..... didn't understand  
Oh, he stole money - killed a man  
Destroyed his life - no sense to be  
He brought scandal on my family (oh no)  
Oh, he was not man enough  
He killed himself - thought it's tough  
Before he died he said to me  
"Don't want scandal on my family." (he said)  
"Don't want scandal on my family."  
6. When Bogart talks to you  
Oh, you said that you're faithful  
Big dreams they're useful  
Now, I cry and I cry  
Till the end of the lonely night  
Don't say it's okay this goodbye  
This goodbye  
Oh, it's hard but it's fair  
Baby, I don't care  
A part of me is dying  
Oh, I'm here and there - call me everywhere  
Cross my mind - I'm dying  
Oh, I love you till the end of time  
Oh no, I love you till I die  
Don't break the silince, don't  
When Bogart talks to you  
Don't break the silince of love  
When Bogart talks to you  
Don't break the silince, don't  
When Bogart talks to you  
Love me baby, oh kiss me  
Baby, don't miss me with devotion  
Oh, my heart needs a home  
Baby, I know love I know is passion  
We're friene - not stone  
Baby, without a home love is an obsession  
Oh, I love you till the end of time  
Oh no, I love you till I die

## 7. That's love

Go - if you want go

Stay - if you don't know

Friends - stay together baby, call me I'll be there

Feel - what you wanna feel

Mine - oh love's so real

Friends - we're forever baby, here and everywhere

Don't - keep your distance

Don't - lose your resistance

Don't - you want my heart ?

That's love - we'll win again

This love is like an ocean

That's love - it's not a game

How deep is your emotion ?

That's love - a burning flame

This love is like a fire

That's love love - it's not the same

You can't stop the desire

Call - if you want me

Fall - if you can't see

Try - if you want to try all of my sweet heart

Words - don't come easy

Words - they can hurt me

Friends - stay together baby never break apart

Don't - play fire

Don't - stop desire

Don't - you want my heart ?

## 8. Lady unforgettable

Oh, it's five o'clock and I cannot sleep

You were in New York and my heart is weak

I'm watching you on this photograph

I'm the biggest fool and I hear your laugh

Lady, careless memory

Lady, be my guarantee

What a difference it makes

Alone again

Lady I call your name

Oh, lady unforgettable, hold on me

Oh, lady unforgettable, can't you see

Oh, I'm losing my heart

And I'm losing my mind

But a lonely heart, it can't survive

Oh, lady unforgettable, talk to me

Oh, lady unforgettable, can't you see

I got what I want but I lost what I had

It's a crazy world when a love goes bad

In this bed of fire I feel loneliness

And my lost desire of your sweet caress

I'm too proud to beg and too weak to cry

I'm alone again

It's my last goodbye

Lady, it's emergency  
Lady, oh, please come back to me  
Emotion of fire is burning inside  
Lady, don't lose your pride

9. This old town  
Baby, I'll hurt you  
Oh, come let me alone  
Heart is a heart and a home is a home  
Baby, I'll find you  
I'll get you by phone  
Heart is a heart and a home is a home  
If you fool me sister  
Drive me mad  
Under pressure - maximum sex  
This old town ain't big enough  
Baby, for the two of us  
It's the end of an ..... odyssee  
This old town ain't big enough  
Baby, for the two of us  
I'll see you - I'll hold you in L.A.  
Baby, I'll please you  
But you leave me alone  
Heart is a heart and a home is a home  
Baby, I'll hate in a danger zone  
Heart is a heart and a home is a home  
Oh, you're so good sister  
Drive me mad  
Under pressure - maximum sex

10. 21st century  
Oh, I know that I'm guilty  
Do I ever cross your mind ?  
Oh, I feel that you need me  
I said I have no time  
I'm losing more than I ever had  
After all the love is gone  
And the more I look it drives me mad  
Where does my heart belong ?  
Oh, it's a 21st love century  
It's love time for you and me  
Baby, I love you .....  
Baby, I hold you once more  
Baby, I'm dying for sweet love  
Oh, it's a 21st love century  
Don't you feel the energy  
Baby, I miss you for sure  
Baby, I kiss you once more  
Baby, I'm dying your sweet love  
Will you love me tomorrow ?  
Oh, this love will miss a flame  
In the world full of sorrow

Love's such a thing  
Oh, the way I go - oh, the less you know  
I feel passion - I feel pain  
There's a broken heart and it tears apart  
Leave me in the rain  
11. Sister cool  
Down in the flame - down in the passion  
Oh, I'm a slave to love  
I play no game - it's all obsession  
Words are not enough  
Oh, give me love - give me that special feeling  
Oh, give me all - let us rocking and reeling  
Oh, give me sex - give me hope for this game tonight  
But baby don't be sister cool  
Oh, I'll make good love to you  
I waited every night  
I waited every day  
Baby, come tell me you're making my day  
But baby don't be sister cool  
I show you what a love can do  
You gave me such golden days  
You gave me such golden nights  
Don't let .....

Kissing the fool - kiss in the fire  
The closer we can get  
Don't break the rules of deep desire  
Sleeping in your bed  
Oh, give me a chuck - give me a sweet sensation  
Oh, give me all - all I want is good vibration  
Oh, give me sex give me love for this sweet, sweet  
night

12. See you in the 22nd century
