Wait for another love, wait for another love  
Wait for another love, wait for another love  
Wait for another love, wait for another love

What kind of boy you're looking for my love?  
Or is the price too high? I will pay enough  
Ohh, it's no game between us anymore  
I feel it in my heart, babe I can't ignore

Ohh, I know, ohh, I know it  
Love will changes everything  
Ohh, I know, ohh, I know it  
I have to love, I have to win

Baby jealousy, is killing when you touch me  
When you're close to me, ohh, love is when you hold  
me  
That's eternity, believe me, believe me, I swear  
Believe me, believe me, believe me, I swear

Wait for another love

What are you doing when your friends will say  
I'm living in my world and I'll go my way  
I'm walking through the streets of loneliness  
I need you in my heart, baby I confess

Ohh, I know, ohh, I know it  
You're not a one night love affair  
Ohh, I know, ohh, I know it  
Baby, call and I'll be there

Baby jealousy, is killing when you touch me  
When you're close to me, ohh, love is when you hold  
me  
That's eternity, believe me, believe me, I swear  
Believe me, believe me, believe me, I swear

Baby jealousy, is killing when you touch me  
When you're close to me, ohh, love is when you hold  
me  
That's eternity, believe me, believe me, I swear

Believe me, believe me, believe me, I swear

Wait for another love, wait for another love

Wait for another love, wait for another love

Wait, ohh
