A king of pirates - a queen of soul
They dance together on rock 'n' roll
Oh, once a lifetime and twice a day
Chopin is playing in west la
Flames hold the candle
It's too hard to handle
Wake up - don't dream babe
Wake up - wake up
Tonight call me dr. love
Love me in a new dimension
Love me babe
Tonight we are strong enough
Baby, it's a sweet sensation
Come and love me now
Call me now
Baby now
Call me now
Oh now, baby now
………………… and born romance
Computer games mixing all the hits
Mozart lives on the second floor
He drives a lincoln behind close doors
Flames hold the candle
It's too hard to handle
Wake up - don't dream babe
Wake up - wake up
