Freedom, freedom
I'll believe in you
More and more I do

Freedom, freedom
Oh, I miss you so
Oh baby, please don't go

Freedom, gimme, gimme freedom
Every night and every day
I love you more than I can say

Freedom, gimme, gimme freedom
Another night, another day
I love you more than I can say

Oh more, more, you want more
Oh, it's you, my heart beats for
Oho, I'll never let you go

Don't stop, do it again
Love is like burning flame
Oho, I'll never let you go

Oh, I know it hurts me
But I want you so much, my baby
Oh, I know it hurts me
But I miss your touch

Freedom, gimme, gimme freedom
Every night and every day
I love you more than I can say

Freedom, gimme, gimme freedom
Another night, another day
I love you more than I can say

Oh, fun, fun all day night
There is love to satisfy
Oho, I'll never let you go

One, two, baby, it's true

I will make good love to you
Oho, I'll never let you go

Oh, I know it hurts me
But I want you so much, my baby
Oh, I know it hurts me
But I miss your touch

Freedom, gimme, gimme freedom
Every night and every day
I love you more than I can say

Freedom, gimme, gimme freedom
Another night, another day
I love you more than I can say

I'll believe in you
More and more I do

Freedom, freedom
Oh, I miss you so
Baby, please don't go

Freedom, gimme, gimme freedom
Every night and every day
I love you more than I can say

Freedom, gimme, gimme freedom
Another night, another day
I love you more than I can say

Freedom, gimme, gimme freedom
Every night and every day
I love you more than I can say

Freedom, gimme, gimme freedom
Another night, another day
I love you more than I can say

Freedom, gimme, gimme freedom
Every night and every day
I love you more than I can say
Freedom, gimme, gimme freedom
