How will I know when I'll meet an angel?
How will I know that I should go, baby, go?
Oh baby, how will I know when I'll meet an angel?
How will I feel and see that you will carry me?

Baby, I'll make love to you
It's a secret rendezvous
Feel your heart will move you up
If you leave me, girl

Baby, oh, I'm crying loud
That your love will knock me out
Baby, oh, in a million years
I was searching you

How will I know when I'll meet an angel?
How will I know that I should go, baby, go?
Oh baby, how will I know when I'll meet an angel?
How will I feel and see that you will carry me?

Baby, oh, we leave behind
All I want is second time
Baby, oh, no gold can buy
What I give to you

Baby, oh, we live this dream
Like an old, old movie scene
Baby, oh, I lose my sleep
If you leave me, girl

How will I know when I'll meet an angel?
How will I know that I should go, baby, go?
Oh baby, how will I know when I'll meet an angel?
How will I feel and see that you will carry me?

Oh, I will give you all of my heart
And heaven naturally, oh baby
Come and try a brand new start
This love will last eternally

How will I know when I'll meet an angel?
How will I know that I should go, baby, go?

Oh baby, how will I know when I'll meet an angel?
How will I feel and see that you will carry me?
