Here I stand, oh, I cannot live without you, baby
From the first step I could walk, I walked to you
Here I stand and I cannot breathe without you, baby
From the moment I could talk, talked about you
Oh, why can't we live together?
Baby, why, why you promised love?

I love the way you are, I love the way you smile
And deep down in my heart you're driving me so wild
I love the way you are, I love the way you smile
You're always in my heart, oh, I can't wait a while

Here I stand somewhere between love and tomorrow
I can build a bridge to you, if you love me
Here I stand, oh, somewhere between love and my
sorrow
Oh, I'm laughing through my tears, baby, I swear
Why can't we live together?
Baby, why, why you leave me girl?

I love the way you are, I love the way you smile
And deep down in my heart you're driving me so wild
I love the way you are, I love the way you smile
You're always in my heart, oh, I can't wait a while

Stay with me tonight, stay with me tonight
Baby, I will never let you go
Stay with me tonight, stay with me tonight
Baby, that's the only thing I know

I love the way you are, I love the way you smile
And deep down in my heart you're driving me so wild
I love the way you are, I love the way you smile
You're always in my heart, oh, I can't wait a while
Yes, I love the way you are
