I just can't hide my feelings
It's just the way I am
This love has such a meaning
We'll make it if we can

Tell me, baby
Where did we go wrong?
Sooner or later
We'll end up on our own

It's all over, all over, all over again
You said to me, sorry, can't we just be friends?
It's all over, all over, it happened again
No time to ignore it, we've come, we've come to the
end

Is it all over? All over again

Tomorrow is forever
Love is a sacrifice
There'll never be a never
Halfway to paradise

Tell me, baby
Why you say goodbye?
Just for the maybe
Let's give it just one more try

It's all over, all over, all over again
You said to me, sorry, can't we just be friends?
It's all over, all over, it happened again
No time to ignore it, we've come, we've come to the
end

It's not over, not over again

It's all over, all over again
You said to me, sorry, can't we just be friends?
It's all over, all over, just look what you've done
Oh, sooner or later, we're all alone
Yes, we're all alone

Not over, baby, not over again
Oh, it's all over
Not over
