Oh, you're flirting with disaster
In that lonely night caf?BR> And you made my
heartbeat faster
Baby, love'll find the way
Can you see my tears ?
Babe, ooh, you made my day
Give you all these years
I don't mind what people say
I said love me more
Let's try my heart
Like before
Oh, can you hear my heartbeat ?
Can you hear my heartbeat ?
I said love me more
The king of clouds
I give you all
Oh, can you hear my heartbeat ?
Can you hear my heartbeat ?
In the shadows in the moonlight
Oh, between the hard frontiers
Hear the ocean beating inside
Oh, the pain over fears
Can you see my tears ?
Babe, ooh you made my day
Give you all these years
I don't mind what people say
