Oh, you're flirting with disaster  
In that lonely night caf? br> and you made my  
heartbeat faster  
Baby, love'll find the way  
Can you see my tears ?  
Babe, ooh, you made my day  
Give you all these years  
I don't mind what people say  
I said love me more  
Let's try my heart  
Like before  
Oh, can you hear my heartbeat ?  
Can you hear my heartbeat ?  
I said love me more  
The king of clouds  
I give you all  
Oh, can you hear my heartbeat ?  
Can you hear my heartbeat ?  
In the shadows in the moonlight  
Oh, between the hard frontiers  
Hear the ocean beating inside  
Oh, the pain over fears  
Can you see my tears ?  
Babe, ooh you made my day  
Give you all these years  
I don't mind what people say
