Big dreams, I'm not a foolish guy, don't want to talk  
about it  
It seems, under the falling sky, this love oh, is a friend  
of mine  
Maybe here comes these tears again, I can't stand it,  
baby  
Oh lady, my heart is in your hand

Oh, baby, baby, baby, we are lovers in a missing world  
Living in a memory, baby, baby, baby  
Do you want to be my girl, oh, that is no fantasy  
Don't cry for love, my destiny, come on, rock, rock me,  
miss Liberty  
High in the sky, that's what I feel, come on, rock me,  
miss Liberty

Baby, after the love is gone it cuts like a knife, girl  
Lady, where does my heart belong  
Oh, only time will tell, girl  
Maybe eyes crying in the rain, I can't stand it baby  
Lady, my heart is in your hand

Oh, baby, baby, baby, we are lovers in a missing world  
Living in a memory, baby, baby, baby  
Do you want to be my girl, oh, that is no fantasy  
Don't cry for love, my destiny, come on, rock me, miss  
Liberty  
High in the sky, that's what I feel, come on, rock me,  
miss Liberty

Oh, baby, baby, baby, we are lovers in a missing world  
Living in a memory, baby, baby, baby  
Do you want to be my girl, oh, that is no fantasy  
Baby, baby, baby, we are lovers in a missing world  
Living in a memory, baby, baby, baby  
Do you want to be my girl, oh, that is no fantasy
