Bittersweet

My heart, it feels so weak

Sailing home

To a place I never know

Some hearts will never change

(Never change)

Some hearts will never change

A broken dream

I'm losing now it seems

Oh, I can't explain

Why I lose again

Some hearts will never change

(Never change)

Some hearts will never change

Leaving Venice in the rain

(On the night I heard Caruso sing)

Leaving Venice in the rain

(Why you left me, my everything?)

Leaving Venice in the rain

(Easter fall, the sun was hotter than moon)

Leaving Venice in the rain

(Baby, oh, you left me much too soon)

Leaving Venice in the rain

(Breaking up and feeling so alone)

Leaving Venice in the rain

(We have got, nobody is at home)

Rescue me

I feel you disappear

Unchilled love

I never get enough

Some hearts will never change

(Never change)

Some hearts will never change

Behind my smile
Oh baby, see me cry
No tears of joy
Oh, I'm a lonely boy

Some hearts will never change
(Never change)
Some hearts will never change

Leaving Venice in the rain
(On the night I heard Caruso sing)
Leaving Venice in the rain
(Why you left me, my everything?)

Leaving Venice in the rain
(Easter fall, the sun was hotter than moon)
Leaving Venice in the rain
(Baby, oh, you left me much too soon)

Leaving Venice in the rain
(Breaking up and feeling so alone)
Leaving Venice in the rain
(We have got, nobody is at home)

Leaving Venice in the rain
(On the night I heard Caruso sing)
Leaving Venice in the rain
(Why you left me, my everything?)

Leaving Venice in the rain
(Easter fall, the sun was hotter than moon)
Leaving Venice in the rain

Leaving Venice in the rain
(Breaking up and feeling so alone)
Leaving Venice in the rain
(We have got)
