Why does a man have to be strong?
Wild, hear the hungry of the time

Oh, come do it with me
I need your precious love
Come do it with me
Never get enough
Come do it with me
I'm lonely without you

We love the voodoo nights
Love the wild side of the city
We love the voodoo nights
Midnight rendezvous
I'm dying for you, babe

Can you hear my heart?
At closing blue
Can you hear my heart?
Locomotion

Can you hear my heart
What can I do?
A man in love
And deep devotion

Voodoo night
Voodoo night

You are the princess of the night
Wild, your intensions are so right

Oh, come do it with me
Only love survives
Come do it with me
To my paradise
Come, do it with me
I'm lonely without you

We love the voodoo nights
Love the wild side of the city
We love the voodoo nights

Midnight rendezvous
I'm dying for you, babe

Can you hear my heart?
At closing blue
Can you hear my heart?
With locomotion

Can you hear my heart
What can I do ?
A man in love
And deep devotion

Voodoo night
Voodoo night

Can you hear my heart?
At closing blue
Can you hear my heart?
With locomotion

Can you hear my heart
What can I do?
