Keep a light in your window
Keep a light in your heart
A summer breeze blowing softly
Ohh, you tearin' apart, those days are over

You can't stop a real good love
Don't you remember that day
When we started our way
Never ever forget what you said

When you are lonely
Lonely like me just forever
Come baby, let's stay together
Someday there's someone for you

Ohh, when you are lonely
Lonely like me and you're calling
I'll be right there if you are falling
Someday there's someone, that's true

Baby, when you're lonely just call me
And I'll be always by your side

Ohh, we're dancing one summer
And the wind calls your name
Money can't buy you good things
Can't buy you friends

Ohh, it happened before girl and it happened again
Baby, I don't sleep alone
When nobody's at home
Never ever forget that you are gone

When you are lonely
Lonely like me just forever
Come baby, let's stay together
Someday there's someone for you

Ohh, when you are lonely
Lonely like me and you're calling
I'll be right there if you are falling
Someday there's someone, that's true

Ohh, when you are lonely
Lonely like me just forever
Come baby, let's stay together
Someday there's someone for you

Ohh, when you are lonely
