

## **Ex** **"Who Pays"**

Visit "[Who Pays](#)" on [MotoLyrics.com](https://MotoLyrics.com)

How do we finance our demonstrations  
They say that we rob banks  
Their lies are spread across the nation  
Great! we never thought of that  
How do we finance our demonstrations  
To stop the neutron bomb  
They say we're getting paid by the russians  
Well let's hope that they ain't wrong  
How do we finance the cost of living  
They say that we don't work

We take advantage of unemployment  
Well, we don't want their jobs  
There's just one little question left  
How come they have their bellies fat  
How do they finance their demonstrations  
How do they finance their atom-lobby  
How do they finance their cost of living  
How do they finance their yankee-dollars
