It was a hot summer day  
I was feeling lonely  
Till I heard that someone asked  
"what's your name?"  
I looked around and saw your face  
You looked like an angel from the sky  
I wrote my number on your palm  
And then you promised  
To call me back

It was the first step  
To our love  
Everything was great  
Except  
One day when I did  
Something wrong  
So I want to explain

Chorus:  
Everything I said was so stupid  
That I almost made you lought  
Everything you did for me  
Was so amazing that I lost my mind  
Because of your lips  
Because of my eyes  
Because our hearts are in love

It was a rainy autumn day  
I was going to see you again  
But then I got your SMS  
That you were on the plain  
Last night I was so cold  
Couse you were far away  
And our summer now is gone  
But we still talk on the phone

Everyday I make a wish  
To be with you together  
I believe  
You always think about me  
As you call me again

(Chorus)

How, how could it be  
That you are not here with me  
Couse I need you  
I miis you  
And I feel that I love you so

Everything I said was so stupid  
That I almost made you lought  
Everything you did for me  
Was so amazing that I lost my mind

I lost my mind...  
Because I love you so much...

(Chorus)x2
