Anally impaled Anally impaled  
stake up your ass feel it pierce your insides  
Anally impaled Anally impaled  
weights on your ankles down the pole you Slowly slide  
Anally impaled Anally impaled impalement  
pole stained with Blood fresh coat dribbles down  
Anally impaled Anally impaled  
no breath To gasp with lung is punctured out

penetrated by the Whorish pole where countless have  
been raped  
punishment Extreme, sliding southward day by day

taste your shit on The pole grazing your tattered  
tongue  
internal shishkabob Excrements and blood are one

sphincter muscle buckles Tearing wider 'til it splits  
ruined asshole ruined life
