Music / Words Â– Reifert

Flies Buzzin' in your Piss hole
Maggot Crawling in Your Eyes
That's what I see when I look at you
As Mind curls up and dies
Everyones Against me
Everybody Hates me
Nobody wants to know me
They all Think I'm crazy

Lick your Skin off with my tongue
Barbed Wire Teeth
Feast has begun
I Wanna withdrawn and puke
In the Cornet of the Room
I Wanna Shit and Bathe in
Shadows, Stench and Gloom
I Wanna Choke and Heave
on Psychotic Solitude
Black Death on a Stick
Shit filled veins protrude

Lick your Skin off with my tongue
Barbed Wire Teeth
Feast has begun

Lead Â– Corales, Bower
