Have you heard of Patient Zero
Do you know what he has begun
Do you know of Patient Zero
What the fuck have we done

Patient Zero Where have you been
Patient Zero What did you See
Patient Zero What do you Know
Patient Zero What is the Truth

Someone fucked up somewhere
Something went terribly wrong
A Cure won't mean a thing
For those who are gone
Have you heard of Patient Zero

The Lagacy of Patient Zero
How the Disease Grows
Patient Zero

Am I Paranoid of Conspiracy
Or Are Diseases Being Made in a Laboratory
Surely he must be Man Made
A Plague released intentionally
Or an Experiment Out of Control
Out of Control - Patient Zero
The Lagacy of Patient Zero
How the Disease Grows
Patient Zero
