It's a long long time to wait It's a long long time to wait Everything I promised you Is never I was late It's a long long time to wait It's a long long time to wait Everything I promised you Is never I was late

Broke in 2 I used to blame the substance So confused but I carry no substance Lost in a cave last sun's a month and Kept mine zone is only in the comfort Now I blame myself Went downhill just to up my numbers You only need one what's the point of hundreds And I never did last You said the answers would be yes I killed us had tools to built us a castles But I never played chess Bad guess made the wrong move gueen takes king Out the back door like a famous actor Cut us into half like stupid tax lords We could've had a daughter or maybe a son A baby born with my eyes A perfect smile like it's mom And I hope you find happiness I hope you find love

I said you gotta take off, take off
Take off the sad piece of game
'Cause you are my savior in all of my lows
In all of my worlds
I said you gotta wake up, wake up
Wake up at top piece of game
'Cause you are my savior in all of my lows
In all of my worlds

I'm so so sorry and I hope that's enough

All my lows
All my lows
You could've avoided me
All my lows
Cause days were enjoyed to me
All my lows
And I thank you for joining me

What a wrong wrong way to go
What a wrong wrong way to go
Everything you promise me
Was that I miss the show
What a wrong wrong way to go
What a wrong wrong way to go
Everything you promise me
Was that I miss the show

I said you gotta take off, take off
Take off the sad piece of game
'Cause you are my savior in all of my lows
In all of my worlds
I said you gotta wake up, wake up
Wake up at top piece of game
'Cause you are my savior in all of my lows
In all of my worlds

All my lows
All my lows
All my lows
You could've avoided me
All my lows
Cause days were enjoyed to me
All my lows
And I thank you for joining me

All my lows
All my lows
All my lows
You could've avoided me
All my lows
Cause days were enjoyed to me
All my lows
And I thank you for joining me
