I've never been afraid of the highest heights,  
or afraid of flying, now.  
I've never been afraid of the wildest fights;  
not afraid of dying!  
But now I want off this ride, 'cause you're scaring me,  
and I don't like where we're going.  
I need a new fun fair, 'cause you're scaring me,  
and I don't like where we're going.

And now you're gonna miss me.  
I know you're gonna miss me.  
I guarantee you'll miss me.  
'cause you changed the way you kiss me.  
'cause you changed the way you kiss me.

We used to be so~so~soulful,  
Al Green on the background vocals,  
T-total were on the next high,  
we get by with a so called soul mate,  
made for each other chit-chat,  
but that dried up, wise up to the cutting edge facts.  
Now I'm chilling on my Jack Jones,  
looking for a way back home,  
but i cant get back.

Our love feels wrong please wind it back,  
our love feels wrong can't hide the cracks,  
I guarantee you'll miss me;  
'cause you changed the way you kiss me.

I've never been afraid of the highest heights,
