Take control of myself  
And life gets boring  
Who wants to party with angels  
Angels

Lose control of myself  
And I start falling  
Telling all my secrets to strangers  
Strangers

My teacher told me to challenge myself  
But I'm so happy I'm balancing myself  
Embarrassing myself , damaging myself  
'Cause life is so much more fun  
When we are dumb  
'Cause life is so much more fun  
When we are dumb

Let's be fucking stupid  
Whatever suits you  
Whatever suits me try all the new shit  
Break up with lucy, stop being so choosy  
Wear our jeans losley  
And maybe we'll pretend that we're Bruce Lee

Life's so much more fun  
When we are dumb  
Life's so much more fun  
When we are dumb  
Life's so much more fun  
When we are dumb  
We'll be just when that day comes

Lose control of myself and I start falling  
Turning all my secrets to strangers  
Strangers

My teacher told me to challenge myself  
But I'm so happy I'm balancing myself  
Embarrassing myself, damaging myself  
'Cause life's so much more fun

When we are dumb  
'Cause life's so much more fun  
When we are dumb

Let's be fucking stupid  
Whatever suits you  
Whatever suits me try all the new shit  
Break up with lucy, stop being so choosy  
Wear our jeans losley

Let's be fucking stupid  
Whatever suits you  
Whatever suits me try all the new shit  
Break up with lucy, stop being so choosy  
Wear our jeans losley  
And maybe we'll pretend that we're Bruce Lee

life's more fun when we act dumb  
life's more fun when we act dumb  
life's more fun when we act dumb  
we'll be just when that day comes
