"Love Kick"

You want me to come over I've gotta excuse
Might be holdin' your hand but I'm holdin' it loose
Go to talk then we choke it's like our necks in a noose
Avoid the obvious, we should be facing the truth

Start to think we should be frizzlin'out
But to be honest I didn't have any doubts
Look into your eyes imagine life with out ya (with out
ya)
And the love kick starts again
Love kick starts again
Starts again
And the love kick starts...

It's the same old you, the same old me, you get bored
and I get cold feet
Get high get wondering eyes, forget I never ever had it
so sweet
I realise what I've got when you're outa town, cos deep
down you're my girl
In a golden crown
A princess and I don't wanna let you down
No I don't want to let you down down down down down
down

You want me to come over I've gotta excuse
Might be holdin' your hand but I'm holding it loose
Go to talk then we choke it's like our necks in a noose
Avoid the obvious, we should be facing the truth

Start to think we should be frizzling out
But to be honest I never really had any doubt
Look into your eyes, imagine life with out ya (with out
ya)
And the love kick starts again.
