Looking at the scrap at the party,  
Been three days since we started,  
Sunday morning, TV's boring, you're ignoring me,  
Weather man said it would be nice but its pouring  
down, down,  
And your friends still lying on the floor, half dead half  
snoring,  
A cup of tea wont do,  
A kiss from me wont do,  
I gotta get out of this habit we're in,  
The weekend comes and we're at it again,  
Saying it wont but its happened again,  
Slacking,  
I worship the ground you walk on but you're dragging  
me down,

(Chorus)

We never had a day go by we were sober,  
Sitting in a cold room wide awake,  
And now I gotta say goodbye to the sofa,  
See I gotta go, cant hide away,  
We never had a day,  
I never had a say,  
I never had the heart to show you my hate,  
We never had a day go by we were sober,  
Sitting in a cold room wide awake,

Yo.. I said you'll always be my girl,  
Be my world,  
Peeps can tell,  
And I'll always keep repeating those few words like  
sleep and smell  
But you get your secrets well,  
I tried to leave I'm weak as hell,  
I kept ignoring the habit you fed  
I'm Mr Potato soaring ahead,  
You, me, zombie thread,  
I feel like Shaun of the dead,  
Not how I was born and bred,  
Follow the yellow brick road,  
Stop, being a bitch,

Got back to the witch of the east, uh,  
I worship the ground you walk on but you're dragging  
me down,

We never had a day go by we were sober,  
Sitting in a cold room wide awake,  
And now I gotta say goodbye to the sofa,  
See I gotta go, cant hide away,  
We never had a day,  
I never had a say,  
I never had the heart to show you my hate,  
We never had a day go by we were sober,  
Sitting in a cold room wide awake,

He's the habit,  
She's the habit,  
He's about to,  
He's about to go, its freezing in the cold,

He's the habit,  
She's the habit,  
He's about to,  
He's about to go, its easy at the show,

Feed the habit,  
She's the habit,  
He's about to,  
He's about to go, ooh its freezing in the cold,

Feed the habit,  
She's the habit,  
He's about to,  
He's about go, go, go, go,

We never had a day go by we were sober,  
Sitting in a cold room wide awake,  
And now I gotta say goodbye to the sofa,  
See I gotta go, cant hide away,  
We never had a day,  
I never had a say,  
I never had the heart to show you my hate,  
We never had a day go by we were sober,  
Sitting in a cold room wide awake,

We never had a day (day) (day) (day)  
I never had a say (say) (say) (say)  
We never had a day (day) (day) (day)  
I never had a say (say) (say) (say)

We never had a day,  
I never had a say,

I never had the heart to show you my hate,  
We never had a day go by we were sober,  
Sitting in a cold room wide awake,
