Did you think that I'd forget  
I can still remember  
What I was like before I was this guy  
And yeah, I just can't remember  
What your sad face looks like  
This battle in my conscience  
Chatting so much nonsense  
Asking me daily who's my friends

Forgot just what my name was  
Devil have me brain washed  
Finally found my world again

A it'll all bleed away  
'Cause freedom's overrated  
Thinking it over  
Now I'm gonna seize the day  
'Cause freedom's overrated  
Been thinking it over

I was so lost  
I lost the plot  
Now I need to strike whilst the iron is hot  
It don't matter now I got  
Someone to die for again  
Someone to die for  
Someone to die for again  
Someone to die for  
Someone to die for again  
Someone to die for  
Someone to die for again  
Someone to die for  
Someone to die for again  
Someone to die for  
Someone to die for again

I was always trying to be facetious  
Laughed in the face of teachers  
Never tried to act like a heavenly creature  
I was too aware of my facial features  
Didn't really know how to chat to ladies  
They used to look at me like I had the rabies  
Even when they did wasn't that amazing

They only really asked about my dad's Mercedes  
10 years later step my game up  
Top the charts, kickstart the party  
The same pretty girls who would laugh and dis me  
Now they wanna change the way they kiss me  
Who we tackle today getting carried away  
You had a lovely woman threw your marriage away  
Touch my stamina daily with extravagant ladies  
Went fucking crazy and happiness fades  
We made a few mistakes  
But we never worked hard then the few mistakes  
I think you just preferred me on auto pilot  
Not escape from a mad asylum  
We had some good times and you can't deny them  
I did a few things that I can't decipher  
But we all got to change our life up, wise up  
Now I got a girl to die for

I was so lost  
I lost the plot  
Now I need to strike whilst the iron is hot  
It don't matter now I got  
Someone to die for again  
Someone to die for  
Someone to die for again  
Someone to die for  
Someone to die for again

I was so lost  
I lost the plot  
Now I need to strike what's behind this heart  
It don't matter now I got  
Someone to die for again  
Someone to die for again
