Yellow diamonds in the light
And we're standing side by side
As your shadow crosses mine
What it takes to come alive

It's the way I'm feeling I just can't deny
But I've gotta let it go

We found love in a hopeless place
We found love in a hopeless place
We found love in a hopeless place
We found love in a hopeless place

Shine a light through an open door
Love and life I will divide
Turn away cause I need you more
Feel the heart beat in my mind

It's the way I'm feeling I just can't deny
But I've gotta let it go

We found love in a hopeless place
We found love in a hopeless place
We found love in a hopeless place
We found love in a hopeless place

Yellow diamonds in the light
And we're standing side by side
As your shadow crosses mine
What it takes to come alive

What it takes to come alive

Don't take you a fool never
We be fighting down a one way river
No way back can't paddle up steam
I suppose I had a messed up dream
Had enough of you had enough of me
What can I say I'm in a one man team
Scheming dreaming wheeler dealing
Feeling strange I'm in love with the scene
General malice seminal talent

Too many brain cells chemical imbalance
One day soon I'll get it all examined
Til then I'm going all Biff Tannen
We write the future new ruler
Too cool now well til the sue ya
This is star ship troopers
Living on a whole other planet
Reboot computer

We found love in a hopeless place
We found love in a hopeless place
We found love in a hopeless place
We found love in a hopeless place
We found love in a hopeless place
We found love in a hopeless place
