Verse 1

Leaves falling from the trees around him
A ravage being fated to vanish (to frighten) to keep
away the shadows in the sky

An unwanted life (leaving him alone)
Even though he made forbidden acts to gain affection

Verse 2

Then one night
While he was trying to reach the clouds
A blind raven fell

He took it for days
The time it's taking it's toll
It seems our friend is alone once more

Pre-chorus

So he wished to change his life
But they did not understand that
After all he was not meant to be alive (a hunt strife)

Chorus

Wait, how my life became a threat?
Why are you so afraid?
There's no darkness in me have no fear don't turn your
back on me
(You gave him life) now you're taking all away
Sand keeps falling, fates unbroken
Foolish dreams outspoken... (turning) into dust

Bridge

He can feel it now someone's missing
Bringing darkness to his heart, staining purple feathers
Into mourning black (a fateful demise)

Chorus

Wait, how my life became a threat?
Why are you so afraid?
There's no darkness in me have no fear don't turn your
back on me
(You gave him life) now you're taking all away
Sand keeps falling, fates unbroken
(Turning) Turning into dust... into duuuuust...
