### Verse 1

I stand in front of light  
A candle stays trough the night with me  
Her sense remains in my mind  
I feel her presence too near from me

### Verse 2

And then I open my eyes  
The candle dies by a frozen wind  
A frightenly shadow of life  
Makes me comeback from the deepest dream

### Break

Deep in the dark  
A breath is brushing my back  
I feel cold in my hands  
There are torns piercing my heart

### Verse 3

I won't be able to bear the sight  
Of her broken heart... lugubrious eyes  
I reach her portrait... hold it... tight

### Verse 4

While I she'd despairing tears  
Her deadly embrace is pulling me  
And maybe I don't want to resist

### Pre-chorus

I can't tell if I'm dead or sleep  
Her empty soul caress my lips  
Her frozen stare is all I see

### Chorus

She Falls into deep of my confusion  
Where no life can reach  
I stand Alone

A rose her perfume creates an illusion  
That time couldn't kill  
I'll die with you

Verse 5

What if I don't want to keep (so what if I don't want to  
live

This holds no meaning, it's killing me...)  
Forcing me senselessly to live  
I give myself into this kiss
