Warriors, you can't stay so far from home  
In this confederation night, you must go or stand alone  
The thunder is rising, take the last escape  
Endless pain and fighting, this is (the) time to break

Tonight give up the battle of our destiny  
Let us hear it now, man at arms died for eternity  
The thunder is rising, take the last escape  
Endless pain and fighting, this is (the) time to break  
In pain you seek the way out now, how many miles  
away  
Your country goes where your gods will pray, and  
children try to stay  
... and gods will pray and children stay...  
... and gods will pray now...  
... and gods will pray and children stay...  
... and gods will pray now...

Now, it is time to die, don't tell me why  
You warriors say goodbye, get home and tell the lies  
This is the bag with the heads of your friends  
A warning from your enemies from the hilly lands

Brothers in arms, forgotten in the night  
In fear and in pain, in this senseless fight  
The thunder is rising, take the last escape  
Endless pain and fighting, this is (the) time to break  
In pain you seek the way out now, how many miles  
away  
Your country goes where your gods will pray, and  
children try to stay  
... and gods will pray and children stay...  
... and gods will pray now...  
... and gods will pray and children stay...  
... and gods will pray now...

Now, it is time to die, don't tell me why  
You warriors say goodbye, get home and tell the lies  
This is the bag with the heads of your friends  
A warning from your enemies from the hilly lands

Brueder ir Ruschtig

Vergasse I dr Nacht  
Ir Angscht und I Schmarze  
I dere sinnlose lange Schlacht  
Blitz u Donner zicht jetzt uf  
Mit are riesige bose Macht  
Zu de Gotter wei mir batte  
Das dr Himu uber us wacht

... and gods will pray and children stay...  
... and gods will pray now...  
... and gods will pray and children stay...  
... and gods will pray now...

Now, it is time to die, don't tell me why  
You warriors say goodbye, get home and tell the lies  
This is the bag with the heads of your friends  
A warning from your enemies from the hilly lands

... and gods will pray and children stay...  
... and gods will pray now...  
... and gods will pray and children stay...  
... and gods will pray
