I am a king hallowed by my name
In this little village here
My mother said to me you're just an errand boy
And the church is the losers frontiers
[Chorus]
This silent rage, that makes me brave
And takes me to the holy grave
It's the history of Kurt
And let me hunt in the country of Bern
I want to fight so strong
Bring me to the Gods
But my problem is, I have to be alone
[Chorus]
This silent rage, that makes me brave
And takes me to the holy grave
It's the history of Kurt
Alone... so strong... I want to be a king
And in his mind he went back in time
A name of the brave... back... into the fantasy
And let me hunt in the country of Bern
I want to fight so strong
Bring me to the Gods
But my problem is, I have to be alone
[Chorus]
This silent rage, that makes me brave
And takes me to the holy grave
It's the history of Kurt
