Silent in this land  
Around the dark shadows  
Footsteps deep in the sand  
Brown are the meadows  
Is this the invasion of the dark lords hand  
Or the regeneration of the dark evil stand

I am your blood, I am your enemy before I die  
Will fight with my sword, will fight to Sauron the dark  
lord  
I am your blood, I am your enemy before I die  
Will fight with my sword, will fight to Sauron the dark  
lord

The end of the ways are in Mordor  
I hear the death voice into the night  
The end of the ways are in Mordor  
I hear the death voice into the night

Sam by my side, and the crows are black on this day  
My good old friend, we'll flight side by side  
We search the hills of faith for the grave of the lost ring  
These are the last days, look backward and sing  
I am your blood, I am your enemy before I die  
Will fight with my sword, will fight to Sauron the dark  
lord  
I am your blood, I am your enemy before I die  
Will fight with my sword, will fight to Sauron the dark  
lord

The end of the ways are in Mordor  
I hear the death voice into the night  
The end of the ways are in Mordor  
I hear the death voice into the night

The end of the ways are in Mordor  
I hear the death voice into the night  
The end of the ways are in Mordor  
I hear the death voice into the night  
The end of the ways are in Mordor, Mordor, Mor- Mor-  
dor  
I hear the death voice into the night

The end of the ways are in Mordor  
I hear the death voice into the night
