### "The Dark Command"

In the still of the night  
Innocence prevails without a guide  
Women and children are first to run  
To escape the madman, who'll kill till he's done  
Kill till he's done...  
DARK COMMAND  
DARK CAMMAND  
The savage beast was born in Hell  
Heart of teh devil noone can tell  
The Command is waiting, the weapons are drawn  
Halas noone, can make him fall  
Can make him fall...  
DARK COMMAND  
DARK COMMAND  
Ripping at the seams  
Waiting for life  
To come to the end  
As the bastards watch the dread  
(SOLO)  
The shallow graves await the souls  
The Command is given, the blood will flow  
The madman grips and kills his prey  
No hope he'll let you, live or survive  
Live or survive...  
DARK COMMAND  
DARK COMMAND
