[Chorus]

Across the rivers, across the lakes, over the mountains,
without a break

Across the meadows, through forests, through the valley
like a quest,

The march begins, the march for the right, the march
through the darkest night,

Across the rivers, across the lakes

Across the meadows, through the forests,

Looking up to the sky, acid rain burning in my eyes.

On a path, the journey takes us south to where the sun
will rise

[Bridge 1]

Fading moon in the sky is what they talk about,

Why are we destined to wander through time, let the
dreams come true

[Chorus]

Across rivers, across lakes,

Across meadows, through forests,

Stories are made to be told, here is one that I know

Too many nights without days, too many days we were
lost

[Bridge 1]

Fading moon in the sky is what they talk about,

Why are we destined to wander through time, let the
dreams come true

[Middlepart:]

Zoberscht uf d'Äm HÄ¼gu, warte ufs Zeiche ir Nacht,
WÄ¼rde d'Änke, wie mÄ¼ngi Schtunge, mir furt si
Ä¼sre Stadt!

[Solo]

Looking up to the sky, acid rain burning in my eyes.

On a path, the journey takes us south to where the sun
will rise

[Bridge 1]

[Chorus]
