(M&L: McPhee, Johnson, Beehler)

He's the evil in the angel
The black inside the light
The treachery, is tehre to see
He feeds upon your fright
No method to his madness
No wisdom in his ways
It's plain to see, the agony
As night time turns to day

All through the night
No end in sight
Fever through his veins
All through the night
With lines of white
He tries to be cool
But he's playin' the fool
DYING TO LIVE, dying to live..
DYING TO LIVE, dying to live...
He's on course for self-destruction
A timebomb set to blow
No sign of life in his eyes

His hunger thrives to grow
A spark just sets the fire
One shot just leads to more
Covered tracks to heart attack
Found dead on teh floor

All through the night
No end in sight
Fever through his veins
All through the night
With lines of white
He tries to be cool
But he's playin' the fool
DYING TO LIVE, dying to live..
DYING TO LIVE, dying to live...
(SOLO)
DYING TO LIVE, dying to live..
DYING TO LIVE, he's dying to live on...

DYING TO LIVE, dying to live..
DYING TO LIVE, he's dying to live on...
